For more than 130 years, the University of North Texas has served as a guiding star committed to ensuring students are supported to become Texas’ leaders of tomorrow. Our students and alumni embody creativity, curiosity and something else that distinguishes them and makes them successful — resiliency. These qualities are in UNT’s DNA, borne of an independent spirit that sets us apart. From admitting women on our opening day to pioneering water quality research for the region, establishing the nation’s first jazz studies program and becoming one of the first universities in Texas to desegregate, UNT always takes the road less traveled on our path to excellence.

From humble origins in a rented space above a hardware store in downtown Denton, UNT has grown into one of the nation’s largest and most diverse public universities and the largest in the North Texas region. We’re a thriving Tier One public research university with more than 44,000 students and a path to any career. Designated a Minority-Serving and Hispanic-Serving Institution, we’re dedicated to inclusion and reflecting the population of Texas. And as a catalyst for creativity, we launch new ideas, perspectives and innovations.

As we’ve grown, so has our reach and impact. Our programs are nationally and internationally recognized. Our research and scholarship spans the arts, science, engineering and everything in between. Our world-class faculty are making breakthroughs every day. And our students and alumni from all walks of life push boundaries and tap into their imaginations to transform the world around them.

University of North Texas Traditions

University Seal: At the top of the UNT seal is the lamp of learning, burning with an eternal flame representing academic achievement and excellence. The laurel wreath represents honor, and the beveled Lone Star in the center symbolizes the great state of Texas.

University Day: First celebrated in 1961, when our name changed from North Texas State College to North Texas State University, this spring event includes a flag parade, music, food and celebrations of our history and traditions.

Lighting of McConnell Tower: Green lights, first installed by the Talons in the 1970s, shine on McConnell Tower after athletic victories and for special occasions.

Scrappy, the Eagle Mascot: The student body chose the Eagle as our mascot in 1922 for its keen eye, strength, independence and loyalty. In 1950, students named the first live bird mascot “Scrappy,” which later became the name of the human mascot. The Eagle was known by other names through the years, including “Eppy” in the 1980s. But in 1995, our modern-day Scrappy returned to the nest as the Mean Green’s biggest fan.

Eagle Claw: The Eagle hand sign is our universal sign of pride and unity. To display your pride: 1. Hold up your fist. 2. Make a “V” for Victory using your pointer and middle fingers. 3. Extend your thumb and curl your fingers slightly toward your palm.

Glory to the Green and White

Music by: Julia Smith    Lyrics by: Charles Langford

Singing glory to the green, Singing glory to the white,
For we know our university is striving for the right;
Down the corridor of years, we’ll forget the joys and tears,
But North Texas, North Texas, we love.

Pomp and Circumstance was recorded by the UNT Wind Orchestra, conducted by Dr. Andrew Trachsel.

*Summer 2022 Graduate
Regalia traditions are beloved, timeless and span decades. Our graduates have earned the right to don regalia and adornments for the rest of their lives that reflect the dedication they have shown to their field and the love they have for their alma mater.

The custom of recognizing the accomplishments of scholars through distinctive dress, color and ceremony began in the Middle Ages and has been adopted by various academic institutions throughout the world. American academic regalia developed from the English traditions that originated at the University of Cambridge and the University of Oxford and has been in continuous use in this country since Colonial times.

Institutions of higher learning in the United States have adopted a system for identifying different academic degrees by use of specific gowns, hoods and colors. The baccalaureate (bachelor’s) gown is identified by long pointed sleeves. The master’s gown has a very long sleeve, closed at the bottom, and the wearer’s arm is placed through an opening in the front of the sleeve. Master’s gowns also are distinguished by green panels down the front of the gown. Doctoral gowns are distinguished by velvet panels around the neck and down the front of the gown. Three horizontal velvet bars on each sleeve also may mark the doctorate.

The colorful hoods worn by master’s and doctoral graduates represent the specific degree earned and the degree granting institution. Hoods for UNT are distinguished by a kelly-green-and-white chevron lining. The outside edge of the hood is bordered in a band of velvet that signifies the degree received. Among the degree colors are:

- White: Arts, Letters and Humanities
  - Forest Green: Audiology
- Light Brown/Drab: Business
  - Light Blue: Education
  - Brown: Fine Arts
  - Crimson/Red: Journalism
- Pink: Music
- Dark Blue: Philosophy
- Peacock Blue: Public Administration
- Gold: Science
- Citron: Social Work

The regalia variety worn by the deans reflects distinguishing customs from the universities from which they earned terminal degrees. Though the president and provost don UNT regalia for these ceremonies, faculty members’ regalia represent the institutions from which they graduated.

Several groups recognize their members and their achievements with the use of distinctive ribbons, pins, stoles, cords or pendants. These include college honor societies that recognize academic excellence and promote scholarship, ethics and professionalism. Others are recognized as international students, first generation students, veterans, those who have completed service or volunteer hour requirements, study abroad participants, fraternities and sororities, Eagle Ambassadors and Latin Honors, among others.
